AMERICA'S GOT TALENT ANNOUNCES AN OPEN AUDITION
IN "LITTLE RHODY"

Warwick, RI, September 11, 2018 – Could you be the next victor of America's Got Talent? Do you think you have what it takes to be astronomical? The only way to find out is to come down and audition. The producers and judges of America's Got Talent are searching the country to discover the most talented person in America. The talent show features singers, dancers, magicians, comedians, and other performers of all ages who contest for the advertised outstanding prize of a million dollars.

You've got nothing to lose and a million dollars to gain—it's your time to skill. Come down to the Warwick Mall this weekend, October 17 and 18, from 8 am to 5 pm, and show off your aptitude.

Be sure to plan accordingly...it may be a very extended day. When you arrive you will proceed to the check-in booth and obtain a wristband and an audition number. It is honest important not to lose your number, otherwise you'll be sent to the back of the line. Also, keep in mind the lines may be long. We never know exactly how many people will show up.

So, come down, give it your best shot, and see if you'll be the one to go home a million dollars richer!
