

# Physical education

Cody Carlson

# The concept that I Found interesting was:

Although the whole quarter was fun, I enjoyed  
swamp ball more.

The concept that I found least interesting was:

The driving range was the least fun for me.

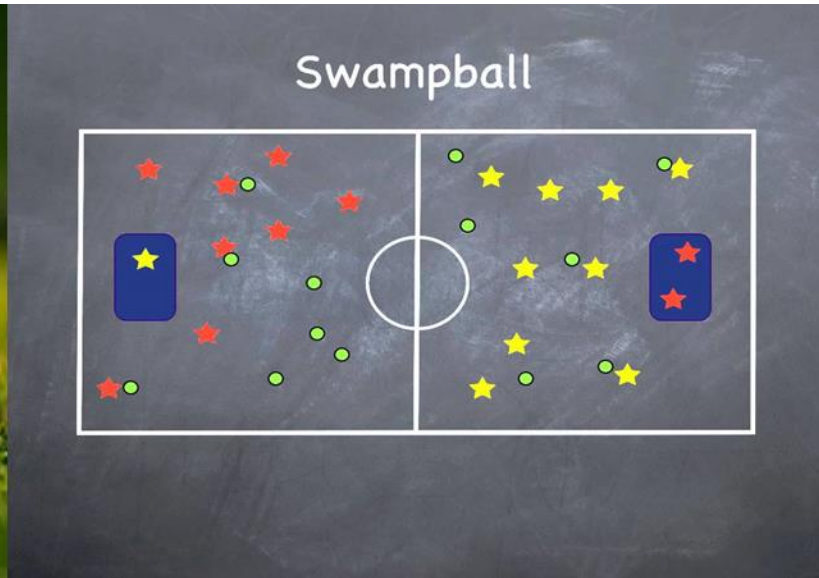

My grade in this class is a:

# Overall my favorite part of this class was:

The whole quarter was fun.

# Something I did well this quarter was:

- I always have a positive attitude.
- I got my planner signed.
- I am working on being less careless.

Below is a specific list of action steps I plan to take in order to improve my grade:

- Listen when Mrs. Nesbit says that I am being dangerous.
- Analyze a situation before taking an action for safety.
- Stay on task.

To help me accomplish these steps, my teacher could help me in the following ways:

These are all independent, however Mrs. Nesbit can warn me about dangerous situations until I can learn them on my own.

My teacher feels that these additional suggestions would also help me improve my performance in class:

Keep your noise levels down in class, listen closely whenever the teacher is instructing, and mind your own business.
