

Life Science

Cody Carlson

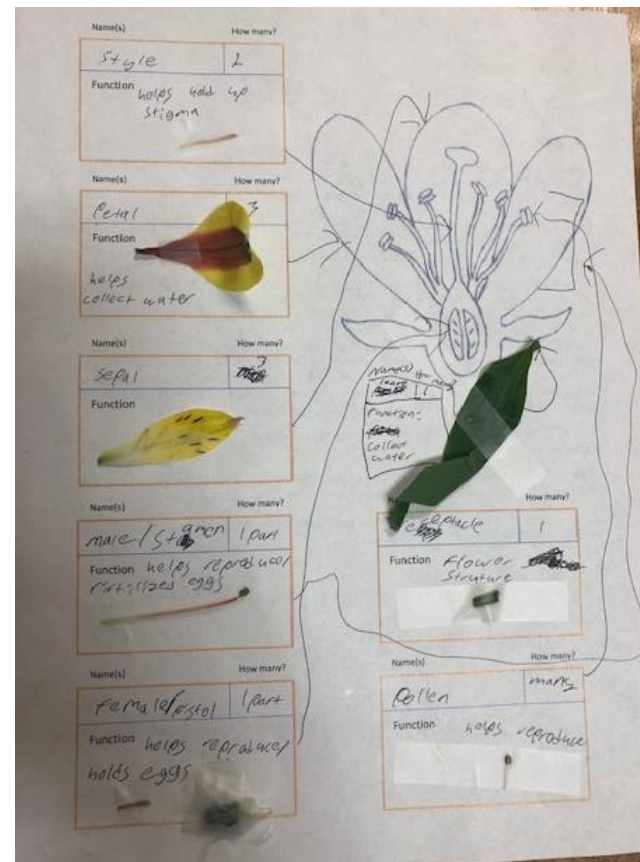

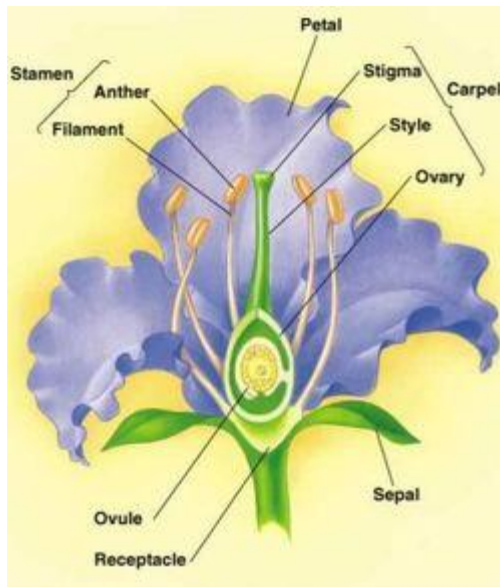

The concept that I found most interesting was:

I found my arrow science fair project the most interesting.

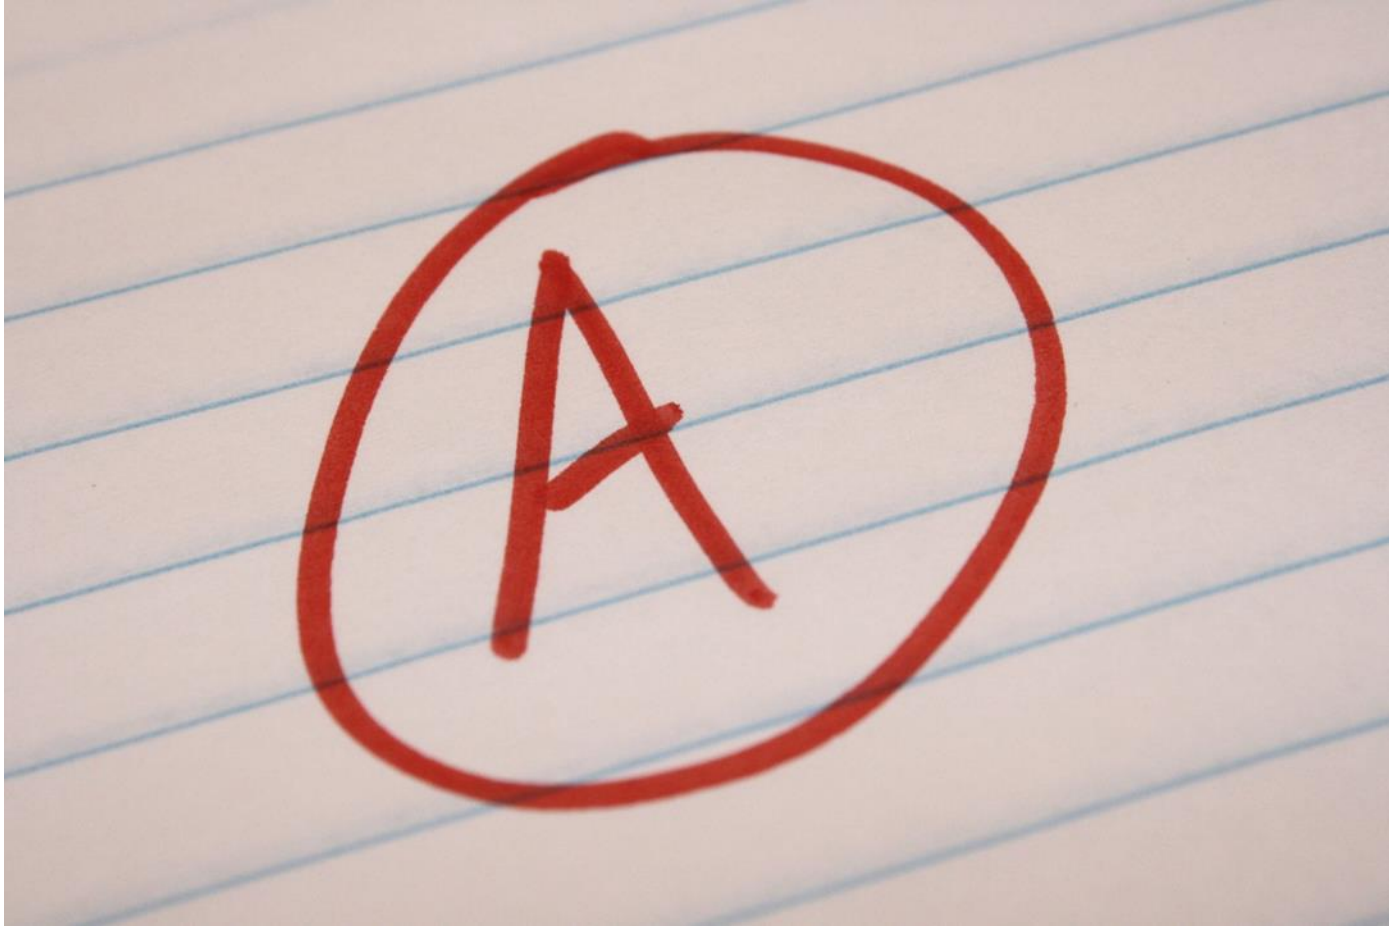

The concept that I found least interesting was:

I disliked dissecting flowers.

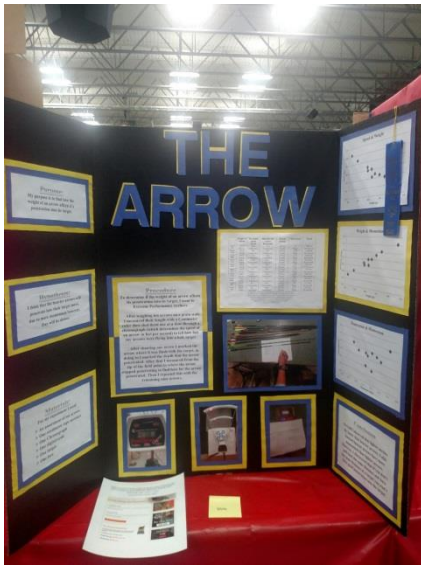

My grade in this class is an:

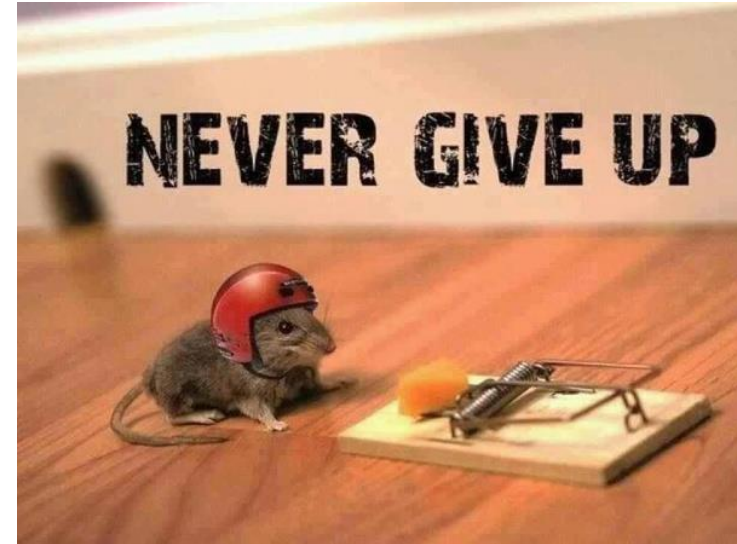

Overall my favorite part of this class was:

Doing my science fair project and getting first place at my school's science fair at Willow Creek Montana and 1st place with a silver metal at regionals in Butte Montana and a gold ribbon at Missoula Montana.

Something I did well this quarter was:

- ❖ I turned assignments in on time
- ❖ I asked for help when I needed it.
- ❖ I had persistence on completing my science fair project and going to state

Below is a specific list of action steps I plan to take in order to improve my grade:

- ▶ I could talk less.

*less talk,
less trouble.*

- ▶ Ask if I have everything in.

To help me accomplish these steps, my teacher could help me in the following ways:

These are all independent.

My teacher feels that these additional suggestions would also help me improve my performance in class.

Cody could work on improving (even more than he's already done), staying focused on the task at hand. He could ask questions if he needs help. Cody has continued to improve in science class with his behavior and class participation.

Three examples of my work:
